Secondary owners

As of July 1, 2007, this warranty is unavailable for speakers purchased on the secondary market unless they are re-certified by either GMA Factory Service or a GMA Authorized Service Center. Contact us for details.

We are passionate about our speakers and warrant their workmanship and sonic performance for life to the original owner **only after we receive the warranty registration card and a copy of the original bill of sale**. The warranty registration card and receipt copy must be mailed to GMA within 30 days of the original purchase. What this means: 1. You will pay nothing for labor and parts for defects in our workmanship. 2. Perfect speakers are shipped, ready to perform to their specifications for life.

The warranty described on this page shall be in lieu of any other warranty, expressed or implied, including, but not limited to, any implied warranty of merchantability or fitness for a particular purpose. There are no warranties which exceed beyond those described in this document.

Because of factors beyond our control, our warranty only covers use for and in a home environment. It does not cover damage that occurs in any shipment; failures caused by accident, misuse, abuse, neglect, mishandling, misapplication, alteration, or modification; commercial use or service by anyone other than a GMA Authorized Service Center or GMA Factory Service; or any damage to either the speakers or custom packing and shipping materials that is attributable to Mother Nature, either to the speakers or to the custom packing and shipping materials. We determine and manage these incidents on a case-by-case basis. We reserve the right to either replace or upgrade the affected speaker(s) at our discretion. Serial Number labels that are defaced, altered or removed will automatically void this warranty, as does any disassembly or modification of the speakers.

If you choose not to retain and store the original custom shipping materials and your speakers need service under this warranty, we will sell and ship to you any missing custom packing materials so that you can re-pack and ship the speakers to us. Depending upon the model, the materials may cost up to several hundred dollars to replace. Only speakers shipped in original custom packing materials and according to delivery parameters will be serviced. The customer is responsible for all shipping costs to and from GMA. You are responsible for filing claims for shipping damages during transit to and from GMA.

There are no implied warranties and there are no express warranties except as described. Neither Green Mountain Audio nor any of its successors shall not be liable for incidental or consequential damages resulting from the use of this product, or arising out of any breach of this warranty, which is valid only for products sold in North America. Speakers purchased for use outside North America are warranted for five years or as determined by GMA Authorized Agents.
